Study Session #3 Overview

- Welcome to Study Session #3!
- Project Check-in
- Video Production
- Project Submission Details

Google Classroom Check-in

- Join Google Classroom (Mandatory):
- Use your personal email! Not school...

m4sofo7

Video

- 2nd most important part of your project
- Needs to address all aspects of your project
 - Shouldn't be a copy of your essay
- 3-5 minutes long

Video Content

- Video should include
 - Problem
 - Statistics/Hook
 - Solution
 - Explanation
 - Demonstration/Model

Script

- Write a script of your video before producing it
- Make sure you address and explain all parts of your project
- Draft multiple scripts if necessary
- Make it fun to watch!

Sample Agenda

1. The need for a new program room
2. Problem you are focusing on
3. Summary of data gathering
 - a. What did you find during interview?
 - b. What did you notice at the program rooms?
4. What is your proposal on the new program room?
 - a. 3 main features
5. Conclusion

Location

- Pick a location that doesn't harm your video
 - A quiet location
 - Doesn't prevent us from hearing you talk
 - No glaring lights or flashy colors that clutter your background
 - No other people in the background that aren't for the video's purpose

Props

- Use props to make your video more understandable
- Have diagrams or posters to explain your project

Publication

- × Upload your video onto YouTube as unlisted
- × Make sure the video is less than 5 minutes
- × Share the link with us on Google Classroom
- × For the sake of privacy, please don't share your video with anyone other than your group (if you have one) and us.

Editing

- iMovie
- Adobe Sparks

Feel free to use other editing apps if needed, just make sure to let us know what you are using!

Drawings

- Draw your ideas out first
 - Use journal
- Sketch out dimensions
- Plan out design

Video Example

- S^4 2018 Winner
